The following are a not a requirements but **access to a computer and printer linked to internet at home is important** because students will be writing a lot of research paper. and college compositions. And while students will have access to your school's computer lab, the convenience of having your own will make the cost worthwhile. As you will be writing various college papers, you will need reference books to help you know how to cite those papers. Students must also have a hard **Copy of Citation Style Manuals**. The most common citation formats used in college classes are MLA and APA. Students in humanities courses are usually asked to style according to MLA guidelines, while students in science and research are usually encouraged to follow the APA guidelines.
